APPRAISAL: Research Gaps Round table 19/11/2013

STATE
Air quality

DRIVERS
Industry, Transport

Robustness & no-regret decision

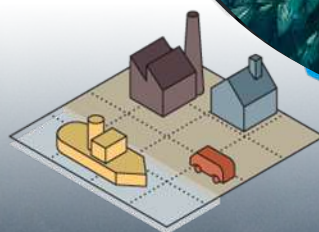

IMPACT
Health, Costs, Ecosystems, Climate change

Climate change

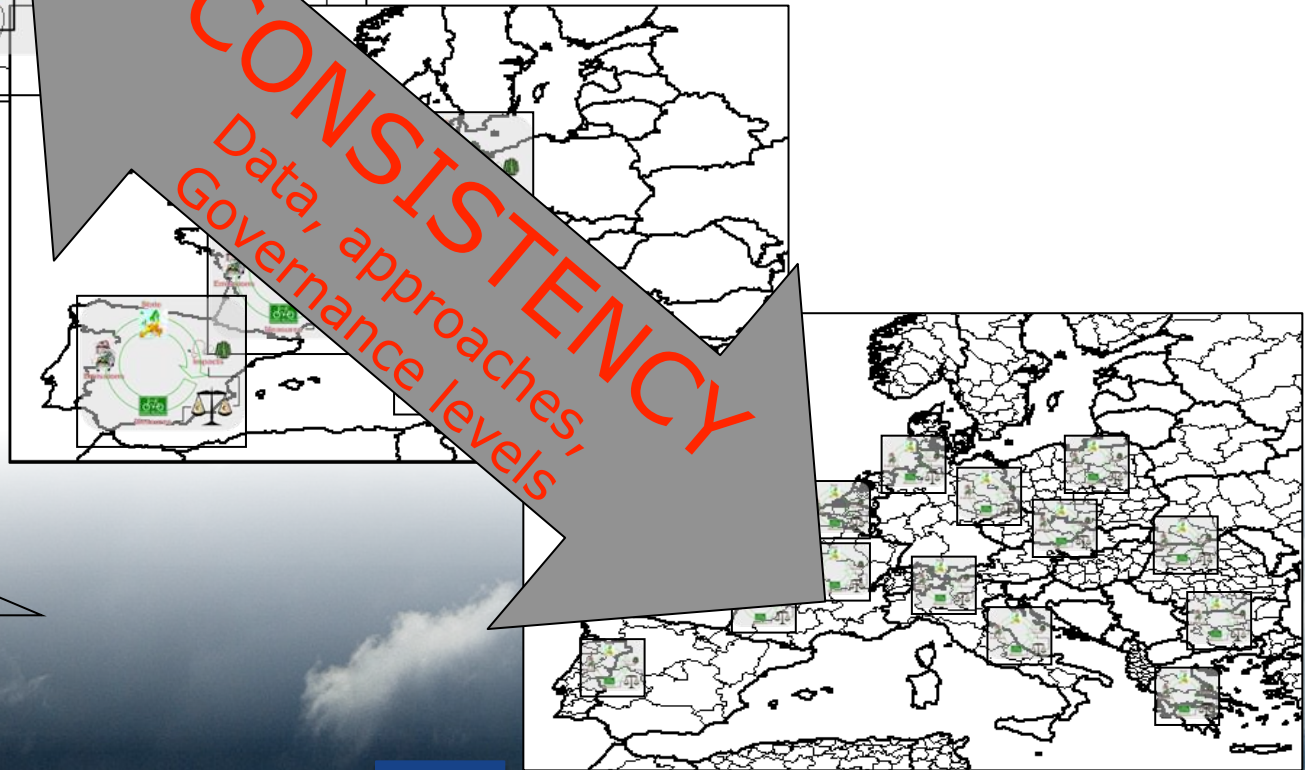

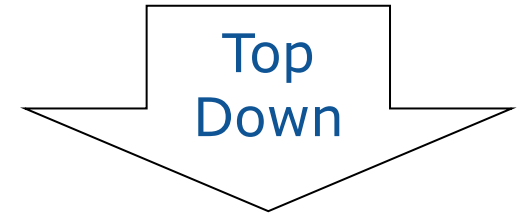

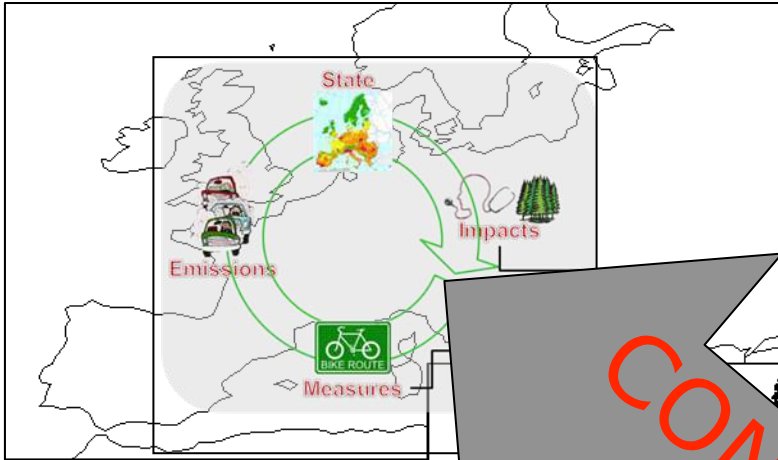

Social behaviors

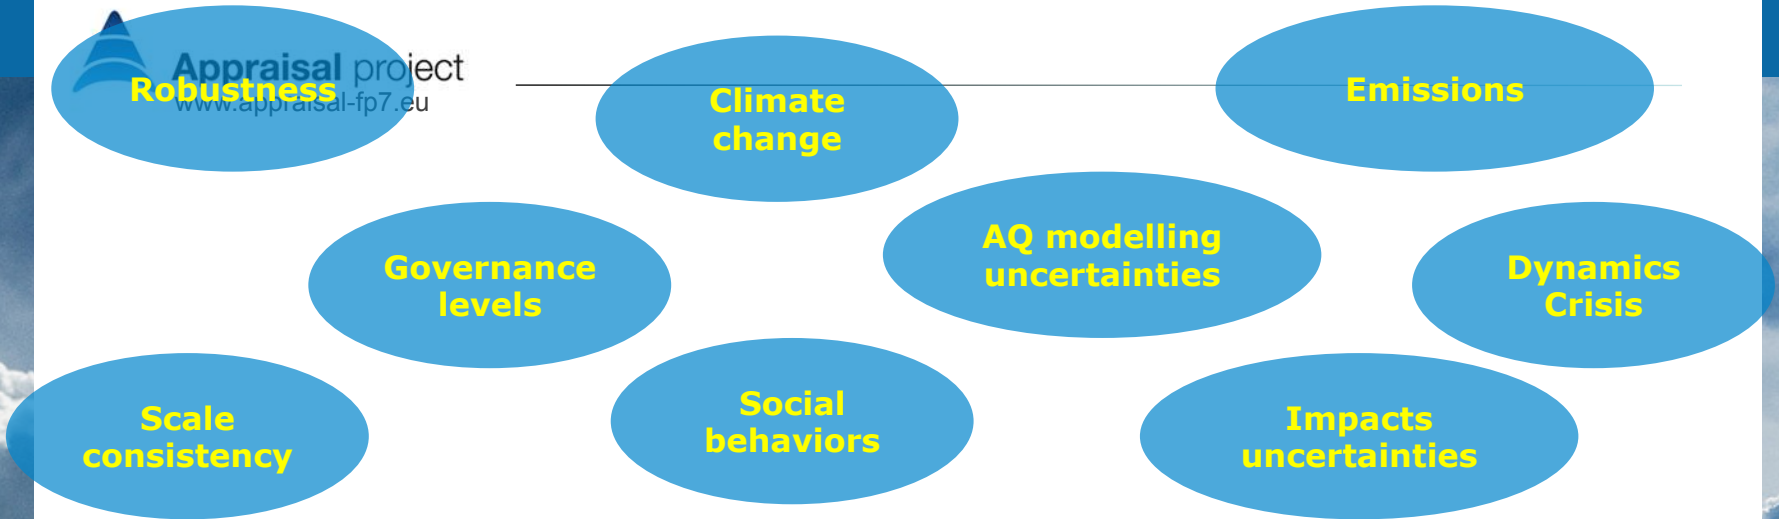

DRIVERS
Industry, Transport

RESPONSES
Optimal policies

1. According to you what is most (and less) limiting factor in current approaches?
2. Are across-scale issues a problem in your daily decisions (governance – approaches)? Any recommendations on how to solve the problem?
3. Is the multiplicity of the approaches positive or negative?
